

CHRISTUS Health Northern Louisiana

Continuing the Mission through Building Healthier Communities

A Synopsis of Community Benefit in Fiscal Year 2008

CHRISTUS Health Northern Louisiana, a region of the CHRISTUS Health system, is committed to providing superior care. The region supports a broad array of community-based services to enhance access to care and improve the health status of our population. Despite the rise in the cost of health services, our goal is to have a positive effect on health indicators in the communities we serve.

In collaboration with others in our community, CHRISTUS Health Northern Louisiana also provides a variety of programs, grants, and affordable services for the uninsured. The total value of our many contributions toward improving the health of our community far exceeds the dollars that are counted as community benefit in this report.

CHRISTUS Health Northern Louisiana follows the Catholic Health Association (CHA) and State of Texas guidelines for reporting community benefit.

Charity Care is defined as the unpaid cost of medical services provided to the uninsured and underinsured, including Medicaid. During fiscal year 2008, CHRISTUS Health Northern Louisiana provided more than \$14 million in
